Fire & Rescue's 2nd Annual Public Safety Fall Expo
In Celebration of Fire Prevention Week

This year's Fire Prevention Week is Sunday, October 5th through Saturday, October 11th. In honor of this, the Prince William County Fire & Rescue System (PWCFRS) will be hosting our 2nd Annual Public Safety Fall Expo.

This festive event will encompass various public safety agencies and organizations from across the county and region including Manassas Park, Quantico, Haymarket, Occoquan, and Dumfries. Agencies will have the opportunity to display various vehicles/apparatus including their more unique units that are not often seen by the public. In addition, the event will provide a variety of exhibitors to include local county and community agencies, interactive activities, live music entertainment, and food trucks. This free family-friendly event will provide vital information and resources for all ages, in an effort to keep our communities, residents, and visitors informed, educated, and safe.

Come out and join us on Saturday, October 4:

Pfizer Stadium
7 County Complex
Woodbridge, VA 22192
12 noon - 5 p.m.

For a list of exhibitors and scheduled events, please check [here](#).

Note: The media is welcome to attend. Photo opportunities are available at the Expo.
